president's report

June 2010

I am very pleased to report that we have people who have offered to take the open board seats. Once they are confirmed I will report to you regarding them. One of those seats was vacated by Mary Wentzel when she offered to accept the Vice Presidential vacancy to which she was confirmed at the last Board meeting. What does not please me is the lack of support for any social events. CCM has the reputation of being *the competition club*. That we are, but we have a lot of members who do not run our competition events. I would expect that either the show events or social events would then be what is of interest to you, however I sure can't see it by the participation.

The Corvette Encounter is this coming weekend. Sure hope you can attend.

Summer weather hit full force this past Sunday for the Father and Son auto-cross. The son's influence was apparent as the course was **challenging** and fun. I'm looking forward to the NCCC event June 20 for redemption. By the way, June 19 we have a trailer repair session scheduled. If you can help, contact Chris Scafero for the details.

Our next membership meeting is a cruise from Les Stanford to a restaurant in Ann Arbor. Fred King organized this as a combined meeting and social event. Just ask him how easy it was to arrange and see his flyer for the particulars. We will NOT have an official meeting at Stanford, but will use it as a staging point for the cruise. 4th Wed of the month as always.

A special congratulations to Rodney Slusher and his new bride. We will miss you Rodney.

CCM Membership (and shows) Update – June 2010

Please join me in welcoming three new members to CCM this month. Coming to the club from Troy is Tom Sobanski and he brings a 2006 coupe. Along with Tom we welcome Bill Comisso of Detroit and his 2007 coupe. Returning to the club after an absence of several years is Glenn Grace of Northville and his 1986 coupe. Welcome all to the club! We hope to see you at many events and outings.

As I write this the 14th Annual Corvette Encounter is roughly ten days away. We are still in need of CCM member participation to make this a successful show. If you're not able to get an entry form in the mail in time for pre-registration, by all means come on out on the day of the show – June 5th. You can register on the day of the show. As previously mentioned this year's Encounter is two shows in one. We will have the judged competition, in which the highest scoring 75 Corvettes will be awarded trophies. In addition, we also have an NCCC sanctioned People's Choice show, in which the entrants and spectators will choose their favorite Corvette from the C1 through C6 generations. NCCC points will be awarded to those that are NCCC members.

By participating in this year's Encounter your Corvette could be eligible for recommendation to a new Corvette show that is being planned for September. Members from the Corvette Club of Michigan and members of several other Michigan clubs are working together to present *The Motor City Corvette Concours*. CCM along with Corvette Legends Club, Flint Corvette Club, The V-8 Estate Corvette Club, The GMC Corvette Set, Trend Settas Corvette Club and The Rainbow Corvette Club are working together along with show sponsor and presenter; Les Stanford Chevrolet Cadillac to bring the region the inaugural *Motor City Corvette Concours*. This show of shows will be held on Saturday, September 18, 2010 at the Les Stanford Chevrolet dealership in Dearborn. Actually the event will be three shows in one. First, is a NCCC sanctioned People's Choice show, in which NCCC points can be earned. Second, is a Judged Competition based on a drive and shine criteria. Third is a Concours level competition based on a show and shine criteria. The concours cars will be attending by invitation and will be competing for the Zora Arkus-Duntov trophy. These cars will be the best of the best. To qualify for a concours invitation the owners must compete in three other shows during the spring/summer season. Those cars will be recommended by the organizers of those shows. Recommendation must come from at least one of the three other shows in which you compete. The Arkus-Duntov trophy will be awarded to a single winner each year, a plaque will be attached recognizing that person and the trophy will be on display at the National Corvette Museum in Bowling Green, KY. A smaller version of the trophy will be presented to the winner for his or her personal trophy case. All of the invited concours level owners will receive a special plaque acknowledging their attendance. Trophies will also be presented in the Judged Competition and the People's Choice shows.

So with all that being said, you, the members of the Corvette Club of Michigan, have all the more incentive to get out your favorite bottle of wax and bring your pride and joy out for all of the world to see. We acknowledged some pretty special Corvettes among our ranks a few months ago. We would be honored and would welcome those of you who are the owners of those special cars, if you are able to join us on that Saturday in September.

The committee is working to procure some other very special Corvettes and along with Corvette related artifacts to have on display to commemorate some of the milestone events in the history of "America's Sports Car". More details on what we hope to have available will come soon. A press release explain the entire show, judging criteria, class descriptions and entry forms are all available on the *motorcitycorvetteconcours.com* website. The organizers of this event all feel it is about time that we have a first class – high level Corvette show in the Motor City. After all, Michigan is the home of the Corvette and General Motors and if you read your most recent *Blue Bars* magazine you will know that CCM is the eleventh largest Corvette club in the country!!

Don't forget we have a few events coming up in soon; the June 20th autocross and our annual membership/ dinner cruise in lieu of our monthly June meeting.

Watch the club website for notices. I guess I have rambled enough for this month. Remember: stay informed and stay involved.

Competition Report-June 2010

Greetings CCM Competitors,

I'm writing this report barely two days after our recent autocross. Rob and Mark Wilson chaired the "Father and Son Autocross" on May 30th. The guys did a great job with the event and laid out a fantastic, challenging course that demanded patience and discipline. Congratulations to Mike Losert for FTD, clearing the rest of the field by nearly a full second. Ladies FTD belonged to Mary Wentzel. The day was hot and long, but with 121 drivers it seemed to be a good day for autocrossing to many. I've included a first draft of results in this issue of *e-Slipstream*, look for final versions on the website if there are any changes. Thanks again Mark and Rob and great job on the event.

Coming up we have the Corvette Encounter THIS SATURDAY June 5th, with a judged concours and an NCCC people's choice show. Hope to see you there and hope for good weather!

Later this month but not too far away on the 20th we'll be having our NCCC autocross of 2010, with five events hosted by Ted Godett and Gordy McCann. You'll get ten runs- that's right, TEN RUNS on the day. I've seen a preliminary course and it should be a hoot.

Regards,
Chris Scafero

HAPPY BIRTHDAY - ONE AND ALL !

A Florida senior citizen pulled out of the new car dealership in his brand new **Corvette**. Taking off down the road he was soon going 80 mph. Enjoying the wind blowing through what little bit of white hair he still had, he got on I-75 and was soon going 100 mph. Amazing !!

Looking in his rearview mirror, he saw the flashing blue lights of a Florida State Trooper behind him. At this point he floored it...120, 130, 140 mph. Suddenly he thought "what am I doing?" and he pulled over to await the trooper's arrival.

Pulling in behind the Corvette, the trooper got out of his cruiser and walked up to the old guy. "Sir, it's Friday, my shift ends in 30 minutes and I'm ready for the weekend. If you can give me a reason I've never heard before for speeding, I might let you go."

The old guy paused and thought for a moment then said "my wife ran off with a Florida Trooper three years ago and I thought you were bringing her back"

"Have a nice day sir" replied the trooper.
