president's report

Reminder: The Corvette Show of Shows Inaugural event will be on Saturday, September 18th at Les Stanford Chevrolet-Cadillac. This will be three shows in one and is open to all Corvette owners. Corvette Concours by invitation only judging based on a "Show & Shine" criteria, a "Judged Competition" judging based on "Drive & Shine" criteria and "People's Choice" entrants and spectators will pick their favorite C1-C6 Corvette. The invited cars for that portion of the show have been selected and invitations are out. I don't have the full list so come to the show and see. Visit the website at [MCCC](#) for judging criteria, forms, updates and more. All **entries pre-registered by September 4th will be entered in a drawing to win a Corvette Varsity Jacket.** Please support our sponsor and your club by entering the show and volunteering to help that day.

Our social program seems to be suffering it's own recession. If you have an idea or plan for a Social Event or cruise somewhere please let me know and we can share it. Maybe it's a problem with the club leadership, so.....

At this month's membership meeting we will open nominations for next year's officers so consider how you want to support our club in 2011. Many of our officers have held their positions for quite a few years because of a lack of volunteers coming forward. They are doing a great job, but might like a break or change of responsibilities. Think about it.

Anybody interested in joining us for a 5 day, 4 night cruise along Florida's coast during the depths of this coming winter for \$360 a couple? Let me know.

Bruce

competitionreport

Greetings CCM Competitors,

Where is all of the time going? I can't believe I'm already writing for September and we only have three events left.

August was a busy month with three events: drags, autocross and concours. At the drags at Lapeer Dragway on August 7th, we had another low turnout of only 11 drivers, but at least this year we had double the number of lady drivers from last year (2). In the end Jim McLaughlin survived two double breakout rounds of men's competition to battle Dyan Janowitz for Top Eliminator, and won without breaking out, with Dyan taking a nap at the line. Fred King and Joe Uska did a great job as co-chairs for the event, thanks guys! Look for results elsewhere in this month's *e-Slipstream*.

Next up was a DCSCC Champ autocross chaired by Chris MacKay and Al Chan. Chris and Al did a great job of combining two smaller lots at Poletown to make an awesome course that was a blast to drive. Mike Losert took men's Corvette FTD with Mary Wentzel topping the charts for the ladies. In the end I wish we could have had fun runs, but the heat and humidity had taken a lot out of all of us, and we also got poured on just as we were about to shut the Club Trailer doors after packing up for the day. Great job Chris and Al!

At the CCM Picnic on August 22nd, we had eight cars shined up for our annual Concours d'Elegance. We also had an NCCC People's Choice show simultaneously. Brett Watson and Joe Scafero chaired each event respectively and did a great job. Thanks to them, and thanks to all of the judges who volunteered their time (in some case their time may have been commandeered).

Coming up September 19th is the "Kim Rules" autocross, newly renamed to honor Kim Fast. Although at this time the deadline has passed to register and receive a shirt, pre-registration is still open. We will have a donation bucket for the Children's Lukemia Foundation, and CCM will be matching the donation amount. We would really love to see a great turnout for this event, even if you are not a regular at the autocross events, please come out and help out a charitable cause.

Regards,

Chris Scafero

2009 CCM Competition Director and NCCC MI Region Competition Rep

membershipreport

CCM Sept Membership (and BIG SHOW) Updates

While we have no new members to report this month but, I do have a scary subject to bring up. Believe it or not it is almost membership renewal time! What does this mean? It means that summer is almost gone! Say it ain't so! Unfortunately it is. Soon (after the MCCC show) I will be sending out postcards to the CCM Membership indicating the amount of your renewal dues for both CCM and or NCCC. I also will be requesting an update of both your home and email addresses, along with information regarding your Corvette(s) (i.e. model, year, etc.). Please complete the information and return the postcards with your payments by the October 31st deadline. Those that do not reply by the deadline and wish to remain members will be processed as a new member, this is in accordance with NCCC guidelines, in most cases the cost is \$15.00 more than your regular renewal. So please get those renewals back on time, thank you.

Now for show updates: While I unfortunately was not able to attend either, *Back to the Bricks*, or the *Woodward Dream Cruise*, I am told both were very successful. Those that attended the Bricks event said it was quite awesome. Not just the 300 plus Corvettes, but all the street rods, hot rods, muscle cars and vintage cars – it all was a sight to see. From what I recorded of the Dream Cruise, I can see that the weather didn't hold anyone back from having a good time and continued to make that the world's largest one day car show! One event that I was able to make was the Corvettes on Woodward, held the Wednesday prior to the Dream Cruise. What a great event, over 400 Corvettes and a lot of people! The purpose was to raise food for the Helping Hands food bank, and all cruise down Woodward. I was a bit disappointed to not see more fellow CCM members present. What I did do during that weekend was I drove my daughter to school in New York City and that is an experience in itself. I have not been to the Big Apple since I was about 8 years old and it is unbelievable!!!

Now for the big show news: We are about 3 weeks away from the inaugural *Motor City Corvette Concours*, while pre-registration is going well – I need to get many more entries from CCM members! We have a lot of nice Corvettes among our membership and what better way to close the summer than by attending a great Corvette show! We will have guest speakers, including Corvette Racing driver; Ron Fellows. The Corvette Racing team's 53 foot tractor-trailer will be on display for walk throughs, great food provided by several Dearborn area restaurants, a free post show concert featuring: *Steve King and the Dittlies*. And of course many, many fabulous Corvettes. The concours cars have been chosen by the organizing committee and I promise you the competition will be intense! They have chosen some extremely nice Corvettes – all competing for the Zora Arkus-Duntov trophy. Just a reminder, this show is open to ALL Corvette owners, trophies will also be awarded in the Open or Judged competition and the NCCC sanctioned People's Choice competition (a chance to get some more points before the season ends). If you get your entry in by September 4th you will be eligible for the drawing for the Corvette Varsity jacket, a \$200 value. So get those entries in soon. Remember: stay informed and stay involved.

“Ignite the Passion”

Jim Rees,

CCM Membership Director

“Save the Wave”

governor's report

The 2010 NCCC Convention is part of the history book. Although I did not attend this year's, I was told that it was a low attended convention. A couple of reasons that I can think of are the economy and Palm Beach, Florida in July. Those that did attend told me that it was hot, hot, hot. The Corvette Club of Michigan was represented by Art and Paula Fulkerson, Chuck and Sharon Fast, and Bob and Vi Oleszkiewicz.

At the convention, awards are given for the prior year's competition season. The Corvette Club of Michigan once again placed in the top ten for club awards and ended the 2009 season in ninth place. Other awards go to the top ladies and men and although she doesn't represent CCM nationally, CCM member Sharon Meesseman was awarded fourth place ladies. Also, although he gave in to a heart attack during the competition season, Ray Meesseman had accumulated enough points to end up in second place for the men.

Special awards are also presented at the convention. One such award is the Scholarship Award. This year one of the Scholarship Awards went to Victoria Brotz, Granddaughter of CCM members Bruce and Mary Wentzel. Victoria was the recipient of the first Ray Meesseman Memorial Award. For more information regarding the Scholarship Awards visit the NCCC website.

The conventions also have special contests which are open to all convention attendees. The golf tournament is one of these contests. Although his team didn't win the tournament, Art Fulkerson received an award for "closest to the pin".

Another contest is the table decorating contest at one of the conventions parties. This year our CCM representatives put together a unique display of Michigan and the "Mighty Mac" to get awarded second place.

Next year's NCCC Convention, June 18-24, will be in Tinley Park, Illinois. Tinley Park is located southwest of Chicago and within an hour's drive of the Windy City. This convention has the makings of being well attended and fun-filled. There is some information already on line on the NCCC website under conventions or CCM's website. I've already began making plans to attend this convention. If you think that conventions are a waste of time, you are sadly mistaken. The conventions have a week's worth of partying, racing, tours, contests, and above all the making of new friends from across the nation from other regions. I will have more information as we get closer to next June.

Other information that I would like to share is that the Editor of the NCCC publication Blue Bars is adding to new sections to the Blue Bars. The sections will be titled "The Members Corner" (highlighting members of NCCC) and "The Corvette Garage" (photos of member's garages. If you have stories or photos that would apply to either of these sections, Sylvia Hoaldrige, Blue Bars Publisher, is now accepting those items.

Well that's it for now. Remember the special memorial autocross in September for Kim Fast on September 19th.

Joe Scafero

By the time this issue of "Slipstream" gets into your hands (or onto your computer screen) early September, there will be four events left for the 2010 Detroit Council Champ Autocross season.

The final four events will be:

September 12: MSCC at Belle Isle

September 19: CCM at Poletown

October 3: MSCC at Belle Isle (rain date make up from their June 27th event)

October 10: CCM at Poletown

With fifteen Champ events to be run in 2010, each individual's ten best results will count, for both class and overall standings. Individual (overall), class, and team points are regularly updated on the Council website: <http://dcsc.blogspot.com>

As this season starts to wind down, I'd like to explain how Detroit Council functions and how to get rule change suggestions looked at.

Detroit Council is composed of member clubs. There are six member clubs, of which Corvette Club of Michigan is one of them. Each club has a representative to the Council. Council has a president, vice-president, secretary, treasurer, registrar, and pointskeeper to help with the administrative functions. Some of these positions are filled by a "tag team" approach, and some folks hold multiple offices.

If you have an item that you would like to suggest, make your thoughts known to the CCM Council representative . . . that would be me! We can discuss it and see if it makes sense to turn it into a proposal. This gets brought before Council and the representatives would vote on it.

One example of this is that last year it was felt that the minimum slalom spacing as defined by the Detroit Council rules was too tight. We at CCM made a proposal to have this changed. With some discussion and wording changes, this was adopted for the 2010 season.

For the 2011 season, Detroit Council will try to have the rule changes discussed and agreed upon shortly after the end of year holidays. So get to me any input that you have.

The preparation limits (what modifications are allowed for each category, ie: Stock, Street Prepared, etc.) are heavily based off the SCCA (Sports Car Club of America) rules. The classifications of cars within each class is again heavily based off the SCCA rules. The basis of this is that SCCA is the one organization that has a national rule set that encompasses "all" cars (not just individual marques), so it has become most convenient and, for the most part, the "fairest" rule set to adopt. Detroit Council has made some minor changes for ease of administration, and we do have a unique category (our Street Modified, for both race and street tires, which is AMT/BMT/CMT and AMR/BMR/CMR) for our local needs.

I know that there are nuances between NCCC and Detroit Council rules, and that for the newbie (or even the more experienced competitor) looking at rules can be confusing. Please feel free to direct any questions to me, and I would be pleased to assist.

As always, if you have any questions or comments, give me a call or drop me an e-mail!

Respectfully submitted,

Al Chan

achan1ee@yahoo.com

Take the Ride of a Lifetime at the NCM Anniversary Celebration

Be one of 15 lucky people to take a victory lap in the very Corvette that Briggs Cunningham took to Le Mans in 1960, which won its class for the first time in history. During the 16th Anniversary Event September 2-4 at the National Corvette Museum, Lance Miller will be allowing a limited number of enthusiasts the once-in-a-lifetime opportunity to take the passenger seat for a victory lap around the National Corvette Museum in this historic race car.

For a donation of \$100 to benefit the National Corvette Museum and the Chip Miller Foundation, participants will enjoy two laps around the Museum with professionally shot pictures capturing the experience. Afterward you'll get a complimentary photo, special poster and a certificate signed by Lance Miller and Wendell Strode to commemorate the event and thank you for your support.

Sign up for these limited spots through the event registration [online](#) beginning Friday.

Holley LS Fest Coming to Bowling Green

September 10-12, 2010 marks a new event for Holley Performance Products - an LS Fest in conjunction with Hot Rod Magazine and GM Performance Parts.

The event takes place at Beech Bend Raceway and includes drag racing, engine swap challenge, auto-cross, speed stop challenge, show & shine, countryside cruise, vendors and much more. Spectator tickets start at just \$10, and participant packages start at \$55. Visit holleylsfest.com to learn more... and be sure to stop by and visit us while you're in town!

The National Corvette Museum has welcomed two new driving simulators to the Performance Area! We offer three demonstrations a day on the simulators: 10am, 1pm and 3:30pm... simply show up to our simulator room at the one of the three posted times to participate! The simulators are an educational tool and guests must be at least 16 years of age or have a valid learner's permit or drivers license to operate them. Guests of any age are welcome to observe. Read more [here](#).

Insurance Offerings by NCM Agency

The National Corvette Museum has expanded our insurance offerings to fit just about any needs! Check out our coverage:

- **Collector Cars** – any year collector car, yes even new Corvettes. We even insure ALL other types of Collector Cars, not just Corvettes. The Collector Car policy will not cover vehicles used for errands or daily use type activities.
- **Car Club Liability Coverage and Directors & Officers Coverage** – Helps protect the club from being sued if something happens while at a club sponsored show, cruise in, car cruise, etc. We also offer separate coverage for the Board and Officers from being held liable for the decisions they may make for the club.
- **High Performance Driving School Physical Damage Coverage** – Provides coverage for the driver's car while on a race track. Most insurance companies now have specific wording in their auto policies to not cover any vehicle while on the track. This policy provides the coverage you need.

Go online for a free quote at ncminsurance.com or call Adam Boca at 877-678-7626.

Labor Day 16th Anniversary Event

The National Corvette Museum will be celebrating its 16th anniversary this Labor Day Weekend, starting September 2, 2010. As the ambassador for the Corvette Club of Michigan, I will be traveling to this event and I welcome any club members to attend.

I will be departing from Lansing, Michigan on Wednesday, September 1, 2010 at approximately 8:00 A.M.

My planned route is to travel south on Interstate 69 into the state of Indiana then connect with Interstate 65 from Indianapolis and continue on to Bowling Green, Kentucky, with an approximate arrival time of 4:00 P.M. CST.

If you are interested in attending this event and driving along with fellow club members please let me know. I can be reached at (517) 749-2754 or by e-mail at Mi_caravancapt09@comcast.net

I hope to see you in Bowling Green!
